SWITCHGEAR POWER SYSTEMS

Switchgear Power Systems has extensive experience designing, engineering, and manufacturing highly custom electrical power distribution equipment for the global electrical marketplace.. [Covering the New York and New Jersey Area]

Products:

- E-House
- Metal-Clad Switchgear
- Metal-Enclosed Switchgear
- Unitized Substations
- Pad-mount Switchgear
- Capacitor Banks
- Primary Metering
- Specialty Equipment
- Termination Enclosures
- Low Voltage Switchboards
- Sectionalizing Enclosures

ELITE CAD DESIGNS

RCR Associates is representing Elite Cad Designs. Elite CAD Designs is the industry leader in 3D Modeling, Coordinating, Detailing and Laser Scanning for Residential, Commercial and Industrial MEP systems. We draw mission-critical mechanical systems for constructability, taking into account maintenance requirements and system performance. We draw, model, and coordinate in high detail for prefabrication as standard practice. All of our work is delivered by our expert team, comprised of mechanical, electrical, and plumbing specialists.

Elite CAD Designs provides services to:

- Owners & Developers
- Architects & Engineers
- Contractors.

Services include:

- Drafting, modeling, detailing & coordination for constructability and pre-fabrication
- BIM & VDC coordination management building information modeling, virtual design & construction
- Reality Capture
- Digital Twin-Asset Management
- Detailed architectural or structural existing conditions drawings, models, virtual tours and point cloud laser scanning measurement data
